

Item #42692

Ultimate Flora fx™

This proprietary formula of probiotics is blended to support healthy digestive function, which is imperative for ideal absorption and utilization of nutrients. The probiotic blend helps to re-establish a healthy balance of beneficial bacteria flora in the intestine. Ultimate Flora fx™ also utilizes GDL (glucono delta lactone), a patented nutrient which nourishes the beneficial bacteria in the small intestine.

- Ultimate Flora fx™ supports and maintains intestinal and digestive health.
- Ultimate Flora fx™ helps maintain intestinal flora. Ultimate Flora fx™ is best when used with a complete nutritional program that includes Ultimate Classic® and Ultimate EFA™ or EFA Plus™. This product can also be used in conjunction with Ultimate Cleanse fx™.

Flora fx™
