

Longevity Rich™ Bon Hydratant Moisturiser with Sunscreen

Key Ingredients: Octyl Methoxycinnamate, Octyl Salicylate & Zinc Oxide – for sunscreen protection

Item #44403

Aloe Vera Gel - Aloe, a popular houseplant, has a long history as a multipurpose folk remedy. Aloe vera gel is the leaf pulp or mucilage, a thin clear jelly-like substance. Aloe gel has been used for topical treatment of wounds, minor burns, and skin irritations. Consumers are most familiar with aloe's use in skin-care products, but aloe can also be used as a beverage.

Cocoa Butter - A solid fat from the roasted seeds of theobroma cacao. Melts at body temperature. A great emollient that is popularly used to add flexibility and a soothing sensation to the skin.

Shea Butter - derived from the vegetable fat of the karite tree. The first choice in natural skin care and fine body care products, this butter forms a breathable, water-resistant film and is the leading natural product for nourishing and moisturising the skin.

Avocado - This ultra-rich oil is a delightful treasure containing high amounts of Vitamin A, B1, B2, D, and E. Also contains amino acids, sterols, pantothenic acid, lecithin, and other essential fatty acids. Highly prized to those with skin problems such as eczema, psoriasis, and other skin ailments.

Jojoba Oil – Jojoba oil's collagen-like properties improve skin health. Jojoba Oil reduces fine lines and wrinkles while protecting the skin.

Colloidal Minerals – to nourish, strengthen and fortify your skin.
